

2010 Amphibian BioBlitz

- Integrated with other SLC sponsored programs: OIT Field Class and SOU Teacher Workshop

- Organized public seminars that highlighted the significance of amphibian monitoring

- >60 participants: 9 Students, 6 visiting scientists, 11 SLC and OIT employees, and 35 citizen scientists

- Surveyed 12 field sites; identified 7 species representing 6 families

- Established a baseline that will allow trend monitoring of amphibians at CRLA
